## COMPANY OVERVIEW

*“Through Us You are Buying Peace of Mind”*

With the history of nearly Seventy (70) years of experience and goodwill, **KARSZ** is facilitating various industrial segments listed below, by catering their requirements for plants and equipment, componentry, spare parts, accessories and technical service support:

01. Consulting, Planning, Engineering, Procurement, Construction (EPC Contractor) of New & Upgradation of Commercial & Naval Shipyard;
02. Container/Cargo Handling;
03. Container / Cargo / Security / Screening & Detection;
04. Material Handling;
05. Waste Management;
06. Aviation Industry;
07. Illumination & Lighting;
08. Dredging of Ports & Harbours;
09. Operation & Maintenance Services;
10. Equipment (Assets) Rental/Leasing;
11. Auto/Industrial Componentry & Parts;
12. Food & Pharmaceutical Industry  
(Scanning & Inspection)

Crossing the national borders **KARS AZ** embarked its business internationally.

**KARS AZ** has joined global leaders in offering world class trading, technical services and engineering consultancy services, reinforcing world-wide corporate alliances, and upholding top-tier quality and ethical standards as the firm's backbone of progressive growth.

The core value addition to achieve customer's satisfaction, **KARS AZ** has and continuously been investing in developing skilled technical support team, managed by the best qualified and experienced professional engineers.

In pursuance of excellence in its services **KARS AZ** took the step towards quality management and safety at work and is recognized by the world-renowned certification bodies.

*"Bringing Excellence To The Surface"*

## MISSION STATEMENT

"KARSAZ is providing consultancy, planning for plants and machinery with latest technologies, most advanced equipment and efficient services that satisfies needs of various industrial sectors in Pakistan & abroad for the benefits of our valuable customers."

## VISION STATEMENT

"To become technical integral partner with our customer."

We are committed to meet and exceed customer's expectations while offering them:

- The right system & equipment for their operational needs;
- Assists & guide them to achieve best possible productivity;
- Adhering to the International Safety & Environmental practices.

# CORPORATE VALUES

## INTEGRITY

**KARSAZ** holds itself accountable to the prudent ethical and performance standards.

## QUALITY

**KARSAZ** is providing excellence to the customers by maintaining desired standards in our products, solutions and services.

## SAFETY

While imparting training and assigning jobs to our workers, **KARSAZ** practices zero tolerance policy on safety matters.

## INNOVATION

**KARSAZ** believe in continual improvement in deliverance by understanding process flows.

## CUSTOMER SATISFACTION

**KARSAZ's** esteemed customers becomes its ambassadors. A satisfied customer is a guarantee of our business and organizational growth.

13 | SPARES PARTS & COMPONENTS

## 01 | SEA PORTS & DRY PORTS

**KARSZ** offers a wide variety of equipment from well renowned and reliable manufacturers all around the globe to facilitate sea ports and dry ports. We provide:

01. Ship to Shore Cranes (STS)
02. Mobile Harbour Cranes (MHC)
03. Rubber Tired Gantry Cranes (RTG)
04. Rail Mounted Gantry Cranes (RMGC)
05. Reach Stackers (RS)
06. Front Container Handlers (FCH)
07. Empty Container Handlers (ECH)
08. Terminal Tractors
09. Bulk Material Handling
10. Trailers
11. Spreaders
12. Rails for Gantry
13. Componentries, Accessories and Spare Parts

## 02 | SCREENING & DETECTION SOLUTIONS

**KARSZ** is authorized distributor of Smiths Detection in Pakistan since many years. Smiths Detection is a global authority on the application, management and manufacture of world class detection and screening technology. Every minute of every day, their detection and screening technology helps to protect people and infrastructure, making the world a safer place.

They deliver the solutions needed to protect society from the threat and illegal passage of explosive prohibitive weapons, contraband, toxic chemicals and narcotics.

Its Products are the foremost choice of below listed sectors of both Government and Private Organization/s Worldwide.

- **Airports**
- **Ports & Borders**
- **Urban**
- **Defence**

We can provide following solutions to various industries i.e. Government, Law enforcement agencies, Airport & Aviation Sector, Malls, Hotels & buildings, Cargo industries, Critical infrastructure etc.

- 01. X-Ray Screening Machine**
- 02. Heavy Cargo & Vehicle Inspection**
- 03. Explosive & Narcotics Detection**
- 04. Chemical & Radiation Detection**
- 05. People Screening**

## X-RAY SCREENING

Smiths Detection has the most comprehensive range of X-Ray and EDS screening solutions in the industry. Whether you require a system for screening mail and parcels, personal bags at checkpoint security, baggage or freight, Smiths Detection has the technology and product to meet your needs.

## HEAVY CARGO & VEHICLE INSPECTION

Smiths Detection's full range of heavy cargo and vehicle inspection systems are designed to screen cars, cargo containers and transport vehicles of all sizes. Equipped with leading-edge software, these systems discriminate materials and reduce the movement of illegal materials, while helping to maintain the constant flow of trade.

## EXPLOSIVES & NARCOTICS DETECTION

Smiths Detection has been working with security authorities, the armed forces and first responder communities for decades to develop a range of detection equipment that meets their security needs. Our screening technology helps to identify a wide range of threats, so you can make the right decisions.

## CHEMICAL & RADIATION DETECTION

Smiths Detection has been working with security authorities, the armed forces and first responder communities for decades to develop a range of detection equipment that meets their security needs. Whether you're looking to detect chemicals, chemical warfare agents, explosives, narcotics or radiation, we have screening technology to identify a wide range of threats, so you can make the right decisions.

## PEOPLE SCREENING

Widely used at building entrances, airport and border security checkpoints, our people screening systems provide convenient, non-invasive detection of hidden weapons, contraband and illegal materials.

## 03 | INTELLIGENCE SURVEILLANCE SOFTWARE

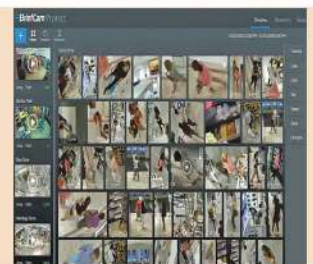

**KARSAZ** is main distributor of fastest intelligence surveillance software & solutions.

By transforming raw video into actionable intelligence, BriefCam is driving exponential value from surveillance camera investments with its innovative, powerful and easy to use video analytics solution.

### PROTECT & INSIGHTS

Review hours of video in minutes; respond immediately to critical situational changes in the environment; and quantitatively analyze video to derive actionable insights for data-driven safety, security and operational decision making, all while effectively balancing sensitivity, accuracy and efficiency.

- **COMPREHENSIVE & EXTENSIBLE**
- **UNMATCHED ACCURACY**
- **SUPERIOR PERFORMANCE**
- **FLEXIBLE ARCHITECTURE**
- **EASE OF USE**

### MOBILE APPLICATION

Mobile Application, which runs on both Android and iOS devices, derives exponential value from surveillance camera investments by making video searchable on-the-go. With natural language understanding based on chatbot functionality, this App further extends BriefCam's powerful post event investigation capabilities into the field. The BriefCam Mobile App accelerates time-to-target and increases situational awareness by rapidly pinpointing men, women, children, and vehicles across surveillance cameras, within selected time ranges, all from the user's mobile device.

- **ON-THE-MOVE ACCESS**
- **UNMATCHED ACCURACY**
- **RAPID TIME-TO-VALUE**
- **SEAMLESS EXTENSIBILITY**

### BRIEFCAM® + SECURITY CENTRE® STARTER KIT

The seamless integration and powerful combination of industry leading software solutions, BriefCam's Video Content Analytics Platform and Genetec's Security Centre Video Management System provides an out of the box, best-in-class video management and video analytics solution, that transforms video into actionable intelligence. The tightly coupled appliance based solution enables low-touch deployment; five-steps in five-minutes, and rapid time-to-value as a result of a pre-configured and certified hardware appliance, powerful and intuitive administration tools, and seamless integration with the Security Centre server and client.

### INVESTIGATOR

The Investigator Appliance is a plug-and-play, all-in-one video analytics solution, for file-based video ingestion that seamlessly transforms video into actionable intelligence. The Investigator Appliance accelerates investigations, increases the productivity of video investigators, and enables rapid time-to-target.

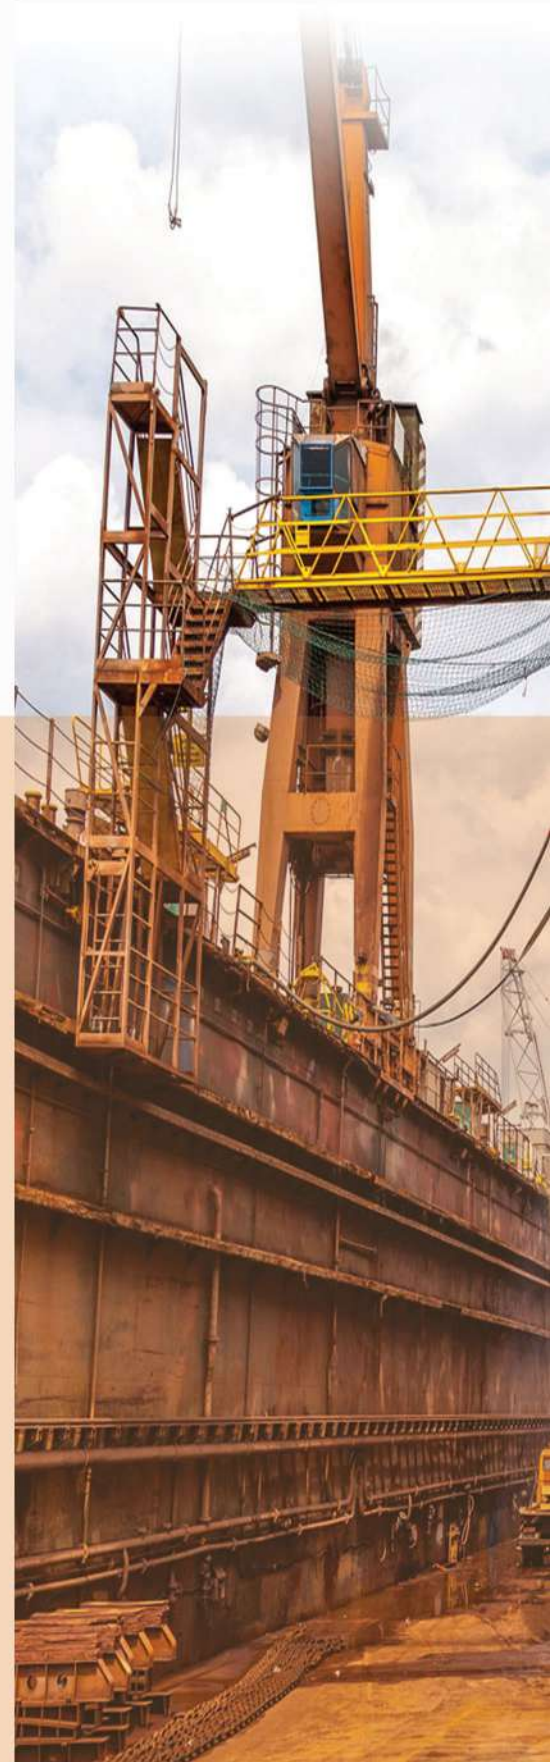

## 04 | SHIPYARD / SHIP BUILDING INDUSTRY

Factory planning involves both working out on the complete planning of brand new "green field" production facilities and planning of the modernization of existing production facilities. The main focus is to fulfil the customer's wishes from planning concept of general layouts to planning in detail the production areas with the help of production equipment's such as cranes, shop layout along with helping the approval of planning and to provide management and services to implement phase of the project.

Our factory planning services primarily comprise the following:

- Definition of the starting situation (among other items, taking / processing inventory data at the customer, site assessment, definition of the production program, determining of the working time and shift schedules).
- Drawing up a general layout- variations for the modernisation or new planning for discussion with the customer and joint definition of the preferred variants.
- Detailed planning in accordance with the depth of planning defined with the customer.
- Technical specifications for the required production facilities and equipment, cranes, transport equipment, etc., on the basis of capacity observations for the implementation of the defined production program.
- Concept for the structural and process oriented organization with a determination of the number of employees and a proposal for a suitable organization structure.
- Concepts for logistics, planning and control with proposals for suitable software solutions.
- 3D simulation and animation of the entire factory and of individual production processes.

## 05 | MATERIAL HANDLING SOLUTIONS

**KARSAZ** Group represents various industrial & material handling equipment in Pakistan of world renowned manufacturers with their State-of-the-art technologies and equipment.

**KARSAZ** also provide equipment trainings, preventive maintenance, supply of spare parts and after sales support & services on behalf of principal.

### LOADERS WITH VARIOUS ATTACHMENTS

#### Skid Steer Loaders

*Multi-purpose machine for all commercial, construction, municipal & industrial needs.*

Rated Operating Capacity: 700lb - 3,950lb

Operating Weight: 2,795lb - 10,237lb

#### Articulated Mini Loaders

*Multi-Functional machine to cater different industrial & agricultural requirement.*

Loading Capacity: 551lb - 5,952lb

#### Compact Track Loaders

Rated Operating Capacity: 1400lb - 3,650lb

Operating Weight: 6,148lb - 12,925lb

### EXCAVATORS WITH VARIOUS ATTACHMENTS

#### Compact Excavator

Horse Power: 10.2 HP - 65.9 HP

Operating Weight: 2,593lb - 18,977lb

#### Crawler Excavator

Operating Weight: 5.85 ton - 49.5 ton

#### Wheeled Excavator

Operating Weight: 2,593lb - 18,977lb

### TELESCOPIC HANDLERS WITH VARIOUS ATTACHMENTS

Operating Weight: 11,000lb - 17,155lb

**Mini Track Loaders**

Rated Operating Capacity: 550lb - 850lb  
Operating Weight: 2,610lb - 3,103lb

**Backhoe Loaders**

Horse Power: 100HP  
Bucket Capacity: 1 m<sup>3</sup>

**Wheel Loaders**

Operating Weight: 1 ton - 28 ton

## CONSTRUCTION & ALLIED EQUIPMENT

## CONCRETE FINISHING & COMPACTION EQUIPMENT

## OTHER EQUIPMENT

## 06 | FOOD INDUSTRY SOLUTIONS

**KARSZ** Group associated with Eagle Product Inspection in 2014 as an agent for Pakistan. Eagle, formerly known as Smiths Detection, was established in 1998 as a cooperative venture between experts in the product inspection field and the Smiths Group. As pioneers in X-Ray inspection technology, Eagle Product Inspection is enhancing the physical contamination detection and quality inspection capabilities of food and pharmaceutical manufacturers worldwide.

In order to meet required food quality standards and increase exports of Pakistani food products we offer most advanced solutions available to prevent physical contamination in food products from a world leading brand.

*Reduce risk now!*

## METAL DETECTOR

S.No.	Model	
1.	Eagle H-Series Metal Detector	Ferrous, non-ferrous and magnetic and non-magnetic stainless steels, in the food and Pharmaceutical / Personal Care Industries.
2.	Eagle F-Series Metal Detector	
3.	Eagle V-Series Metal Detector	

## X-RAY INSPECTION

- Solution for Packaged Products
- Solution for Bulk Packaging
- Solution for Glass Bottles

Confectionary, Bakery, Snacks and Dairy

Candy Bars, Single Serve Ice-Cream, Cookies, Crackers, Gum and Candy

Baked Goods, Cookies, Ice-Cream and Salad Bags

Packaged Meat, Poultry and Dairy Industries, Where Daily Sanitization of Equipment is Mandatory

Breads, Bakery, Bagged Salads Larger Retail Packages, Cereal, Crackers and Ready Meals

Applications for Fruits Vegetables Salad Mixes, Nuts, Cereals and Candies

Larger Count Baked Goods, Multi-Pack/Club Pack Items, Sheet Cakes and Others in the Bakery Industry

Up to 50 Pounds of Large Ingredient Bags Such as Potato Chips, Flour, Sugar, Rice and Cases of Bread

Beef, Pork Lamb or Similar Products that are Packaged in Closed Cartons or Open Crates

Meat Products, including Cardboard Cartons, Plastic Creates and Vacuum-Packaged Frozen Blocks

Designed for easy and efficient Cleaning in the harsh Wash-Down environments in the following Industries Packaged Meat, Poultry and Dairy

- Solution for Unpackaged Products
- Solution for Meat Industry
- Solution for Pharmaceutical Industry

Optional Capabilities include Material Discrimination Technology (MDX)

Beans / Cereals / Coffee / Corn / Grains / Nuts / Rice / Sugar

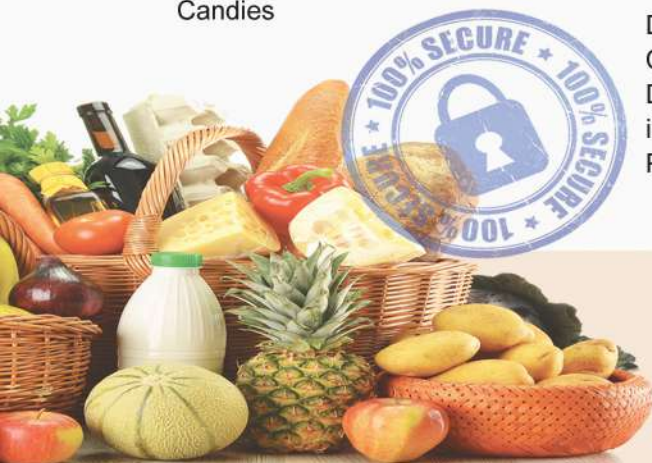

Unpackaged Bulk Products such as raw beef, Pork and Lamb

Contaminant Detection for Fresh, Chilled, Frozen, hot-boned, or mixed bulk flow Meat.

Contaminant Detection in a Design Optimized for Bulk (Unpackaged) Product flow at up to 145 metrics Tons (160 US TONS) Per Hour.

The Ability to Check weigh, measure head Space, Verify Component Presence / Absence and Detect Defects while Simultaneously Inspecting for foreign bodies

Quad View X-Ray Inspection System is most suitable for the Inspection of wide neck and Non-Uniform Glass Jars

## 07 | PLANTS, SPECIAL PRODUCTS & MACHINERY

**KARSAZ** Group represents world renowned reliable and technological-advanced Concrete Plants Crushing & Screening Equipment manufacturer.

### Concrete Plants

**Stationary Batching Plant**

**Mobile Batching Plant**

## Crushing & Screening Plants

## Special Products

### *Fire Trucks*

### *Recovery Trucks*

### *Sliding Trucks*

## 08 | LIFTING EQUIPMENT

**KARSAZ** represents designers and manufacturers who supplies modern and quality cranes.

We ensure complete logistical and technical support during and after warranty period.

- |                              |                          |
|------------------------------|--------------------------|
| 1. Rough Terrain Crane       | 5. Lattice Boom Crawlers |
| 2. Telescoping Crawler Crane | 6. Truck Mounted Crane   |
| 3. All Terrain Crane         | 7. Tower Crane           |
| 4. Overhead Crane            | 8. Luffing Crane         |

## Man & Material Lifts

**KARS AZ** represents world-renowned lifting equipment manufacturers for the supply and after sales services in the region.

### Self-Propelled Scissor Lifts

**Battery Operated Scissor Lift**

Working Height: 5.9 m - 15.95 m

**Bi-Energy Scissor Lift**

Working Height: 9.7 m - 14.12 m

**Rough Terrain Scissor Lift**

Working Height: 9.7 m - 17.95 m

### Self-Propelled Boom Lifts

**Telescopic Boom Lift**

Working Height: 20.3 m - 56.86 m

**Articulated Boom Lift**

Working Height: 11 m - 43 m

**Trailer Mounted Boom Lift**

Working Height: 12m - 17 m

### Spider Lifts

### Truck Mounted Platform Lifts

### Aerial Working Platform

### Fork Lifts

## 09 | WASTE MANAGEMENT SOLUTIONS

**KARSZ** represents various world renowned manufacturers for providing waste management equipment for different municipal and industrial use (Airport Sweeping, Parking lot sweeping, construction cleaning, street sweeping).

Different size and types of sweepers that can be installed to suitable truck chassis.

**Truck Mounted Mechanical Road Sweeper**

*Hopper Capacity  
From 4m<sup>3</sup> up to 10m<sup>3</sup>*

**Compact Sweeper**

*Hopper Capacity  
2m<sup>3</sup> +*

**Regenerative Air Sweeper**

*Hopper Capacity  
From 3.4m<sup>3</sup> up to 7.3m<sup>3</sup>*

**Tractor Towed Sweeper**

*Hopper Capacity  
up to 2m<sup>3</sup>*

## OTHER EQUIPMENT

- *Garbage Compactors / Loaders*
- *Dump Trucks*
- *Sewage Suction Vehicles*
- *Combined Jetting & Suction Units*
- *Ride On Scrubbers & Driers*
- *Ride On Sweepers*
- *Walk behind Scrubbers*
- *Industrial Cleaners*
- *Towed Type Electric Vacuum Sweeper*

## 10 | AIRPORT & AVIATION SOLUTIONS

KARSAZ represent the largest brands of equipment for aviation industry.

**Conventional &  
Towbarless Tractors**

**Belt Loaders**

**Mu-Meter  
(Runway Friction Measuring Unit)**

### OTHER EQUIPMENT

- Washers
- Fire Tenders
- Deicers
- Runway Sweepers
- Ground Power Unit
- Air Conditioning Unit
- Passenger Buses

## Baggage Handling System

01. Check-In Solutions
02. Baggage Screening Solutions
03. Baggage Transportation Solutions
04. Baggage Storage
05. Baggage Sortation
06. Arrival & Transfer Baggage Unloading

## Golf Cart / Passenger Cart

2 Seater, 4 Seater, 6 Seater & more

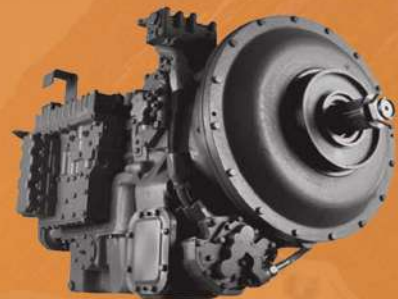

## 11 | TRANSMISSION & GEAR BOXES

**KARSAZ** proudly represents ALLISON TRANSMISSION as direct dealer in Pakistan, providing solutions and satisfying the needs of our customers. Believing our customers deserve the best, we are focused to provide fully automatic transmission that deliver premium performance, with unrivalled reliability and durability.

We aspire to understand the requirements of our customers, so our main aim is to enable the customers to work more efficiently by providing them with the most valued propulsion solution in the world. We deliver cost efficient equipment that operate perfectly having minimum maintenance requirement that have less downtime when it comes to getting the job done.

**Highway Series**

**Off Road Series**

**Oil Field Series**

**Rugged Duty Series**

**Truck RV Series**

*Sea Ports & Dry Ports*

*Oil & Gas Sector & Off Road Trucks*

*Aviation & Mining Sector*

## 12 | INDUSTRIAL LIGHTING SOLUTIONS

**KARSAZ** represents various world-renowned manufacturers for providing industrial lighting solutions for following applications:

01. INDUSTRIES

07. DEFENCE

02. HI-MASTS

08. PORTS

03. INFRASTRUCTURE

09. AVIATION

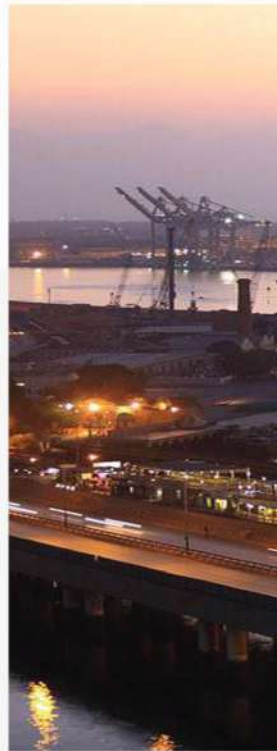

04. DESIGNING

10. CONSTRUCTION

05. SPORTS

11. OIL & GAS

06. PARKS

## 13 | SPARE PARTS & COMPONENTS

Nearly Seven (7) decades of working experiences in imports / Wholesale / Retail business of Automotive & Industrial Equipment components, Parts & Accessories, **KARSZ** is in its best position to offer / supply quality products at your doorstep with reasonable sales / service / support.

1. Drives & Controls
2. Automations
3. Engines & Mechanical Parts
4. Hydraulic Systems
5. Electrical Systems
6. Electronic Systems
7. Pneumatic Systems
8. Consumables Oil & Filter
9. Tires & Accessories

**KARSZ** represents some of the world's renowned brands who manufacture Wire and Rope Solutions meeting every customer's requirement.

Following mentioned sectors are served to meet all customer's needs:

# CONSULTANCY & ENGINEERING SERVICES

## Introduction

**KARSZ** Consultancy & Engineering Services has evolved into one of the leading engineering consulting companies in Pakistan in the areas of engineering design, project management, supervision, quality assurance and consulting services with a portfolio of diversified products.

**KARSZ** has extensive experience in the following fields:

- *Consulting, Planning, Engineering, Procurement, Construction (EPC Contractor) of New & Upgradation of Commercial & Naval Shipyard*
- *Dredging*
- *Operation & Maintenance*
- *Erection & Commissioning*
- *Refurbishment of Equipment*
- *Relocation of Equipment*
- *Site Preparation from Ship to the Shore  
(including Rail Installation, Off-Loading, Off-Lashing, Installation, Commissioning, Punch List etc.)*
- *Logistics & Supply Chain Management*
- *Warranty Services*
- *Periodic Maintenance Services*
- *Breakdown Maintenance Services*
- *Manpower training of Engineers, Maintenance Staff & Operators*
- *Asset Management & Rental Leasing*

**KARSZ** is also involved in preparation of project drawings, construction supervision and project modules. These faculties assure the firm's ability to handle major multi-disciplinary projects.

We have today carved out a position as a non-stop engineering services to all sectors of industries including sea ports, airports, shipyards, construction, intermodal transportation, high-end security equipment and solutions etc.

**"WHEN YOU NEED EXPERIENCE, WE HAVE IT COVERED"**

## Dredging

Creation of new ports, deepening and widening access channels, berthing places, docks, and turning basins are permanent necessity in order to meet the needs of our trade and economy. Dredging is carried out to reduce overflow and to limit turbidity with respect for the environment.

We use modern engineering software to provide best solutions for efficient performance of dredging applications. Deploying the very latest technology across operations allows us to exceed our customers' expectations. This approach has helped us achieve remarkable expansion and benefit from new business acquisition.

## Operation & Maintenance Services

**KARS AZ** provides complete Operation & Maintenance services for the equipment owned by our customers.

Our target is to provide maximum operational performance while keeping the equipment in good working condition. Our professional and concentrated guarantees good maintenance and maximum operational output and also helps in maintaining good residual value of the equipment.

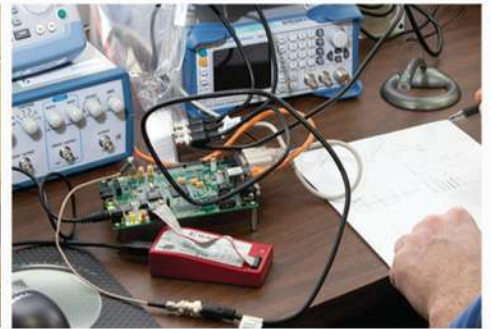

## Erection & Commissioning

From Erection to Commissioning of equipment, **KARS AZ** provides following skilled trades, supervised by Senior Site Engineers:

1. Riggers;
2. Cutters/Welders;
3. Mechanics;
4. Electronic/PLC Engineers/Technicians;
5. Loaders/Unloaders;
6. Fitters;
7. Electricians.

## Refurbishment Of Equipment

**KARS AZ** not only provides the right technical people/support to refurbish used equipment but the skilled engineers, with in-depth and close studies of the equipment and its system, offers and improvise solution and systems for better and efficient performance of the equipment.

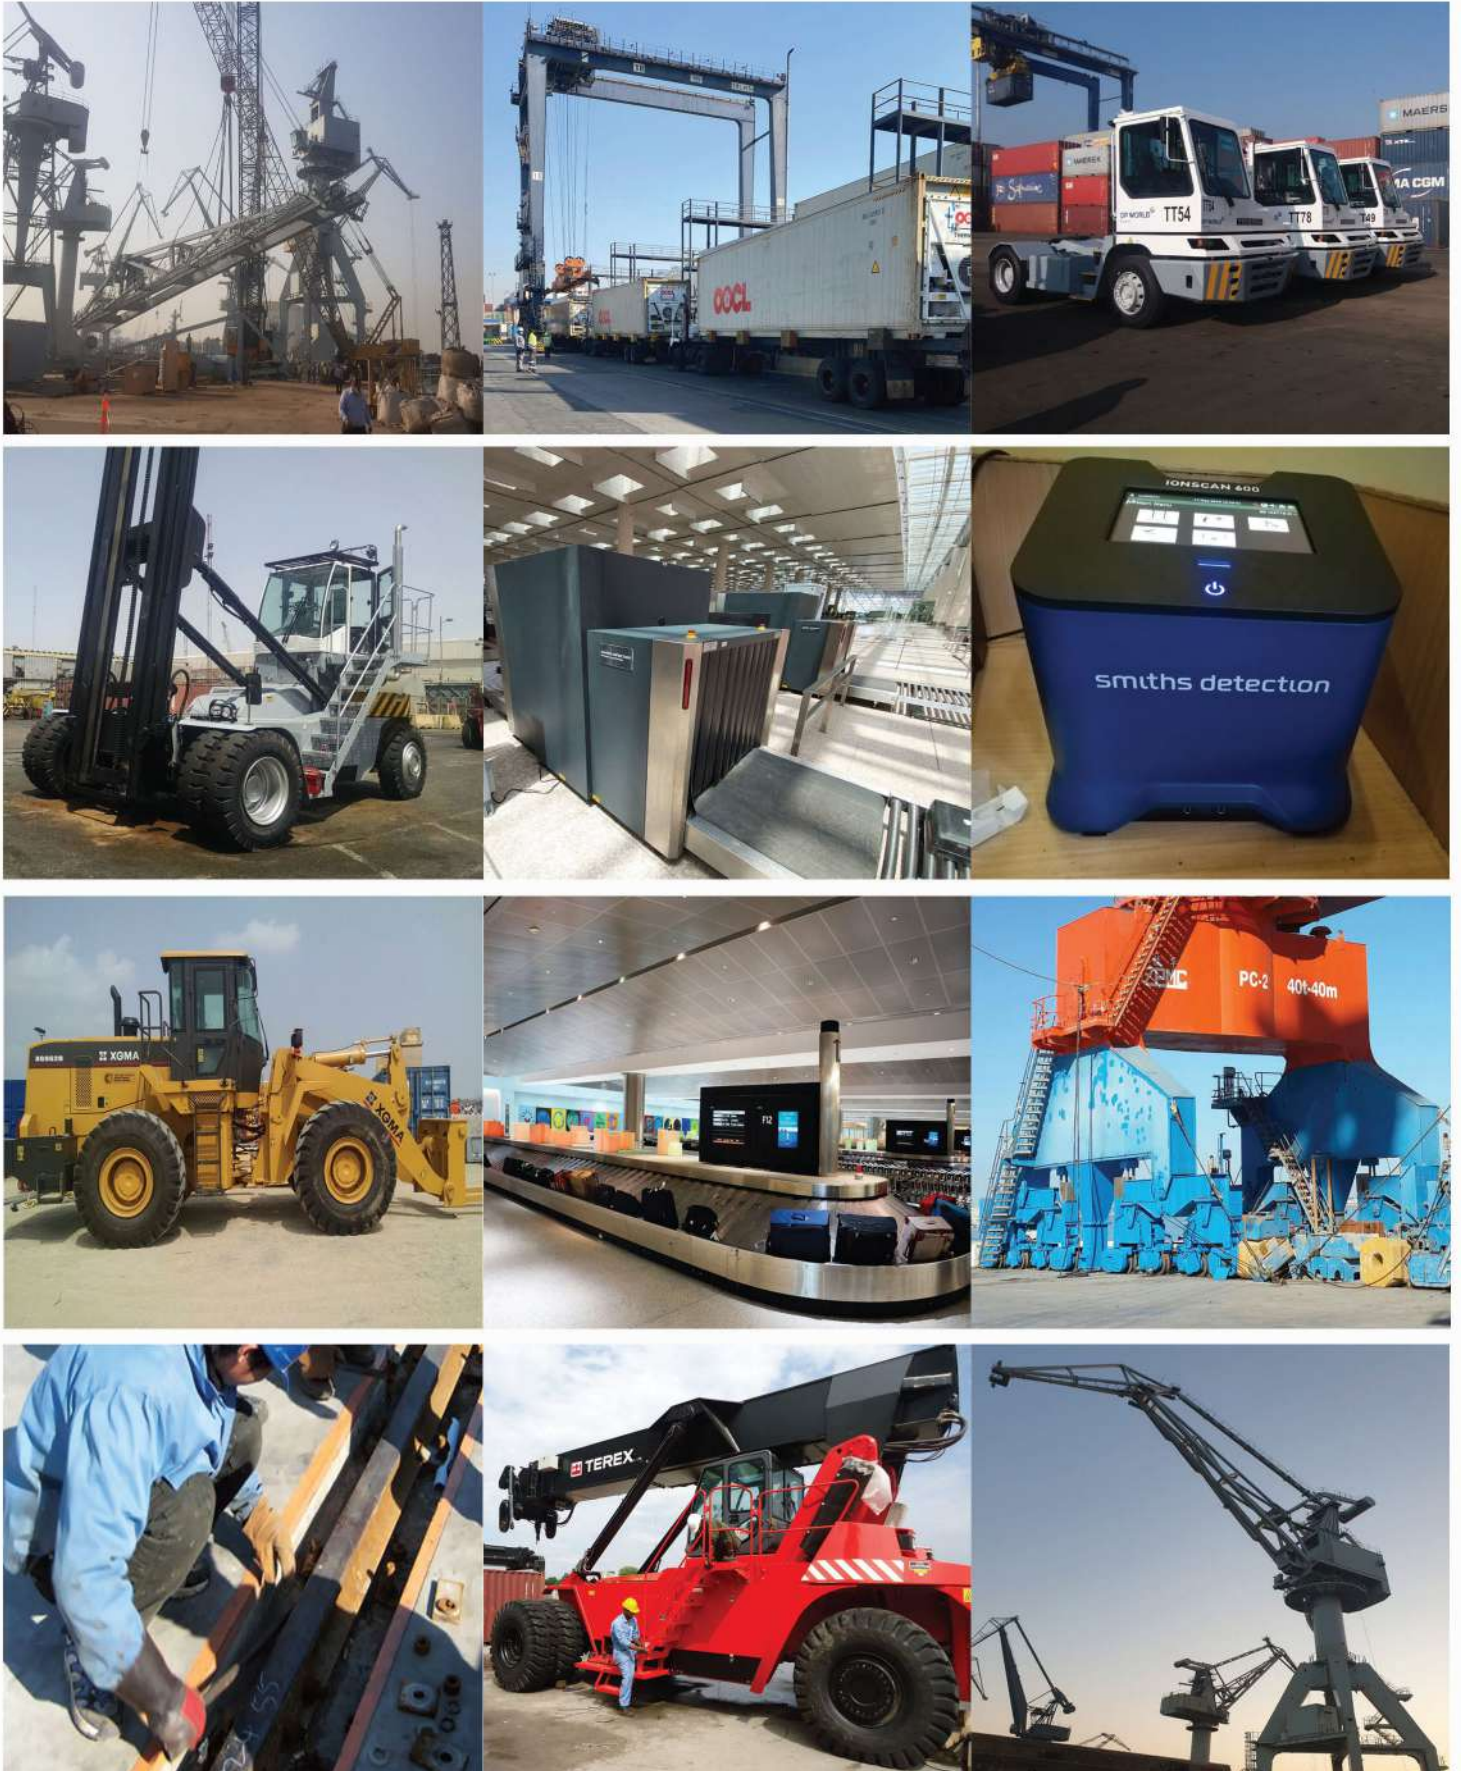

## Asset Management & Rental Leasing

**KARS AZ** works very closely with their customers understanding their operational and technical requirements and providing the right and specialized equipment and services on Short/Long term Rental/Lease basis.

## Versatility of Equipment

# CERTIFICATIONS

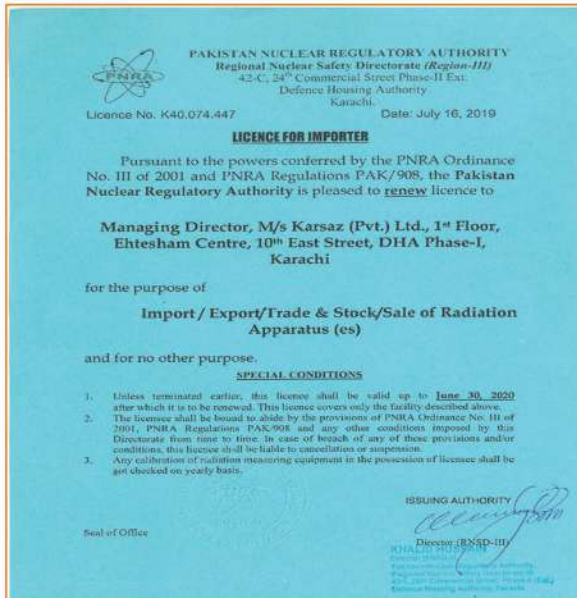

## Our Certifications And Quality Management

Karsaz Private Limited recognizes that for the Company to function effectively and profitably, it is important that customers, principals, and the Company provide one another strong support and understanding.

We seek to consistently maintain high standards of qualities in both our work and dealings with the customers. We provide added value to them through our services. We seek to achieve full understanding of all our customer requirements in order to deliver what they want and not what we think or assume they want.

We consistently demand high standards of quality from our principals. They play an important role in our efforts to deliver high standards of quality as their products are finally integrated into our deliverables. We will, within our capability and capacity, work together with our principals to achieve higher standards of quality.

# CORPORATE SOCIAL RESPONSIBILITY

Sustainability isn't just about environmental measurement and improvement. Corporate social responsibility encapsulates both environmental and social issues to provide a measure of ethical and sustainable development.

Corporate social responsibility is measured in terms of businesses improving conditions for their employees, communities and environment. For **KARS AZ** moral responsibility goes further, reflecting the need to address fundamental ethical issues such as inclusion, dignity, and equality.

While we run our business in line with the expectations of diverse global stakeholders, we also see corporate responsibility as a discipline that helps us to maximize the opportunities available to us in a changing world.

At **KARS AZ**, we define Corporate Social Responsibility as follows:

- Conducting business in a socially responsible and ethical manner;
- Protecting the environment and the safety of people;
- Supporting human rights; and
- Engaging, learning from, respecting and supporting the communities and cultures within which we work.

As a good corporate citizen **KARS AZ** focuses on meeting the expectations of its internal and external stakeholders. It not only invests in its employees, makes efforts for Customer Satisfaction and operates ethically, but also undertakes a wide range of projects to benefit in areas of Education, Vocational Training and Community Development.

Below are some of the causes that **KARSAZ** Group is actively sponsoring and involved in for the good of our communities.

**Development of Computer Lab** and Inauguration of same in Chattari Building office of the Assistant Director Social Welfare Orangi Town Karachi by Honourable Minister of Social Welfare Department Gov. of Sindh Mr. Hari Ram Kishori Lal

**Development of Electrical Workshop** with allied accessories in collaboration with Social Welfare Department, Government of Sindh and Inauguration of same at Hayat-ul-Islam.

**Quality Management System (QMS) Training Program** held at Social Welfare Training Institute Gov. of Sindh (Gulshan Block-7) in collaboration with Dept of Sports & Youth Affairs.

**ISO 9001 2015 & Occupational Health & Safety Management System based on OHSAS 18001:2007** Awareness Course conducted at EPLA Laboratories

**Basic Life Support Training Program** at Civil Hospital Karachi; total 22 Batches have been trained & these trainings still goes on.

Organized Panel discussion on **Mental Health & Wellbeing of Youth during the Pandemic of COVID-19** in collaboration with Sports and Youth Affairs Department, Government of Sindh.

**E-Filling Program through Itr's**: formed a group of more than 80 students from different finance and accountancy institutes, in collaboration with **Federal Board of Revenue (FBR)**, to work on a voluntary basis and help individuals and businesses to declare their assets.
